safe clean greenTM
Enjoy all the ambiance of a fireplace using a fraction of the energy!

Electric fireplaces use over **90% less energy** than gas to produce visual flames – with **zero emissions**.

- Maintain a safe, healthy environment for anyone concerned about indoor air quality.
- Reduce impact on the environment – no burning of fossil fuels, eliminating the emission of carbon dioxide and other greenhouse gases.
- Conserve energy by zone heating – provides supplemental heat for up to 400 square feet.

Dimplex electric fireboxes – ambiance meets innovation
